note from TOR Assessor re 999 High Street (TMID 141.52-1 -2 .1) which is only partially demolished due to the cell tower and will become part of Lot 1:

The lot for 999 High St has a land value of \$1,669,300. With a total Value of \$5,300,000.

It will matter what is left on the parcel.

If the building is half down and unusable the total AV would be ~\$2,200,000.

But this parcel will only be for the 2024 assessment roll.

Once the IDA is complete this parcel will be deleted for the above stated parcels.

Subject: RE: Questions on the Westchester Crossing projects on the site of the former United Hospital

Good afternoon Frank and IDA/Westchester Crossing teams,

I have spoken to Frank about completion of our estimate of values for Res 1 and Res 2 phases of Westchester Crossing project.

Our analysis results in estimated values "as complete" and "as stabilized" of:

Residential Phase 1: \$110,000,000 Residential Phase 2: \$ 90,000,000

As I discussed with Frank, the Phase 3 Sr. Living facility and Phase 4 Hotel facility will be valued on a per room basis by comparing and analyzing Assessments for similar comparable facilities in our nearby market area. As I mentioned on our group phone call, these type of facilities are "Going Concern" properties where the market value incorporates Real Estate value, FF&E, and Business value of which details are very unknown to us at this stage. We will send over the estimated assessment values for these ASAP following our research.

Phase 5 is the Cell Tower facility of which we are assuming will continue with similar tenants as have been reported. Our current 2023 assessment value for this parcel is \$3,512,100.

Respectfully,

Gordon S. Casement

Gordon S. Casement, IAO

Deputy Assessor / Sr. Property Appraiser

The Town's Offices are back working fully in the Town Hall and open to the Public by appt/request.
